## A MESSAGE FROM STAFF

We know that this has been a challenging time for everyone and that amidst this rapidly evolving situation we have had to make decisions out of concern for the health and safety of our members. Unfortunately, those days are not behind us. As we continue on with new health and safety guidelines to help mitigate the risk of COVID-19, we want organizations to know that Fraternity, Sorority and Cooperative Life is here to provide resources and support.

## PREPARING FOR NEW MEMBERS IN FALL 2020

Developing interest in our organizations among non-members is a process, a 365 day process. This is especially true for this year because it will likely look different than previous years. Our partners at Phired Up Productions have tons of free resources for all organizations.

## ADVISOR APPRECIATION

Did you know April is Advisor Appreciation Month? In 2013, Soul Pancake a digital media company focused creating content that explores life's big questions, celebrates humanity, and champions creativity, released a video called [An Experiment in Gratitude|The Science of Happiness](#). It is this video that comes to mind every year during Advisor Appreciation Month.

Advisors serve in a variety of roles for our organizations and the work they do around the clock in tandem with their personal and professional lives allows our organizations and our student leaders to grow and develop in their membership. We encourage you to take a moment this month to express your gratitude and appreciation for an advisor in your life that has had a positive impact during your membership experience. That could be an email, a phone call, a written letter (everyone loves getting mail!), or even a shout out on social media. Join us in thanking these individuals for all they do.

## GREEK HONORS

Among the changes to our "regularly scheduled programming" as a result of the COVID-19 Pandemic, lies this year's Greek Honors. An annual event celebrating individual and chapter achievements in the preceding calendar year, this year's program has gone virtual. We will begin

announcing this year's winners via social media, follow along on instagram @purduegrees beginning Monday, April 20th.

Order of Omega was founded at the University of Miami in 1959 by a group of outstanding fraternity men, who felt that individuals in the Greek community should be recognized for their service to the fraternity community and the University.

The Theta Gamma chapter, founded at Purdue University in 1987 has welcomed generations of exemplary individuals from the community and this year is no different.
