and Cooperative Life

## FSCCL STAFF MESSAGE

Halloween is officially behind us and Thanksgiving only a few short weeks away, as the weather continues to turn colder and the light fades with the end of Daylight Savings (THIS SUNDAY Nov. 6th), be sure to check in on one another. Fraternities, Sororities and Cooperatives continue to be part of cultivating a community of care in which members are cared for and appreciated. Take a moment in the next month as you might consider what you are thankful for, to consider who you might be thankful for. Everyone loves a warm fuzzy, remember to provide some words of affirmation to those around you.

## CALENDAR PLANNING - SPRING 2023

Effective calendar planning is an incredible predictor of success for your organization. Check out all the ways calendar planning can help your organization:

How does it help?

- Decreases stress around logistics, since you have enough time to explore options.
- Allows officers in charge to manage their time effectively
- Creates expectations for members around attendance
- Helps visualize the flow of the semester
- Serves as an excellent officer transition activity

Tips for calendar planning:

- Include dates to avoid:
  - University breaks, Spring Break is the week of March 13th
  - Major sporting events like [Purdue Men's Basketball](#)
  - FSCL Events (see the insert below)
- Consider programming goals AND the influence of weather
  - Community Service (Indoor and Outdoor Options)
  - Philanthropy Events
  - Bonding activities and membership education
- Remember Education Requirements (from your Organization or Sanctions)
  - Consider deadlines for completion
  - Provide your guest speaker/educator with a number of date options, or enough notice if your date is specific.
- Provide a calendar to members of firm event dates as soon as possible

## SAFE TAILGATING
